

Knowledge Organiser

Basketball Year 5

Unit Purpose

The unit of work will challenge pupils to apply their prior learning of passing and moving and dribbling to create attacks that result in a shooting opportunity. Pupils will be able to develop tactics for both attacking and defending and apply these successfully within their team.

Inspire Me

Becky Hammon became the first woman to serve as a Head Coach in the NBA in 2020. Becky quoted 'Basketball is a genderless sport. The ball has no difference whether a man or a woman are holding it!'

Key Success Criteria

Physical, Cognitive, Social and Emotional Unit Success

P

Pupils will pass, move, dribble and shoot accurately and consistently, switching fluidly between attack and defence as possession changes to effectively mark when defending.

C

Pupils will begin to create and apply tactics for both attacking and defending that they can then adapt depending on the situation in the game.

S

Pupils will develop communication skills as they officiate in game-based scenarios. Pupils will also start to lead their team and manage their games.

E

By facilitating learning through game-based scenarios and mini game situations, pupils will be challenged to try their best and start to take responsibility for others.

Vocabulary for Learning

Tactics: Tactics are a carefully planned set of actions that are used by a team or an individual to attain a certain goal.

Marking: Marking is when the attacking player has received the ball and you are making it difficult for them to pass the ball on by restricting their options.

Rebound: A rebound occurs when an attacking player has a shot, misses and the ball hits the backboard or hoop. A rebound allows players from the attacking or defending team to try to regain possession.

Travelling: Travelling is a violation of a rule that occurs when the attacker in possession of the ball moves both feet without dribbling. Possession changes when an attacker commits a travelling offence.

Double Dribble: A double dribble occurs when the attacker in possession dribbles the ball with two hands simultaneously or begins to dribble again after stopping. When an attacker commits a double dribble offence possession changes.
